What are the causes and is there a 'cure'? - National ... The causes of autism are still being investigated. Many experts believe that the pattern of behaviour from which autism is diagnosed may not result from a single cause, and that there are genetic factors. We welcome research into all areas which may further our understanding of autism. Causes - Official Site Causes is the place to discover, support and organize campaigns, fundraisers, and petitions around the issues that impact you and your community. BBC Bitesize - GCSE Geography - The causes and effects of ... The Asian tsunami of 2004 was caused by tectonic activity beneath the Indian Ocean. A fault twenty miles below the ocean surface ruptured, forcing one of the plates to be thrust upwards by as much.

CAUSE | meaning in the Cambridge English Dictionary cause definition: 1. the reason why something, especially something bad, happens: 2. a reason to feel something or to behave in a particular way: 3. a socially valuable principle that is strongly supported by some people: . Learn more. Rosacea - Causes - NHS The exact cause of rosacea is unknown, although a number of potential factors have been suggested. It's possible a combination of these factors may be responsible for the condition, although there isn't enough evidence to say this for certain. Obesity - Causes - NHS Obesity is generally caused by eating too much and moving too little. If you consume high amounts of energy, particularly fat and sugars, but don't burn off the energy through exercise and physical activity, much of the surplus energy will be stored by the body as fat.

Causality - Wikipedia Causality (also referred to as causation, or cause and effect) is the natural or worldly agency or efficacy that connects one process (the cause) with another process or state (the effect), where the first is partly responsible for the second, and the second is partly dependent on the first. Cause | Define Cause at Dictionary.com a principle, ideal, goal, or movement to which a person or group is dedicated: the Socialist cause; the human rights cause. the welfare of a person or group, seen as a subject of concern: support for the cause of the American Indian. Philosophy. the end or purpose for which a thing is done or produced. Global Warming and Climate Change Causes The temperature of the earth is rising at nearly twice the rate it was 50 years ago. This rapid rate and pattern of warming, scientists have concluded, cannot be explained by natural cycles alone.
